

COMPRESSED AIR YELLOW

Ideal for heavy duty applications. Resistant to industrial water and oil containing air. Suitable as nitrogen hose.

Properties

Material inner wall	SBR
Material outer wall	SBR/EPDM
Characteristics outer wall	Ozone- and UV resistant, Weather- and ageing resistant, Abrasion resistant, Resistant to a lot of bases, (fatty) acids and salts
Type reinforcements	Strong synthetic textile reinforcements
Temperature range °C	-30°C/+80°C
